SEARCHING THE WORLD FOR BETTER HEALTH®

Dear Friend,

I know you're committed to total health and wellness just like I am. That's why I've asked the team at Healthy Directions to come up with a special savings opportunity so you can continue to live a vibrant and healthy life. I've selected 4 of my favorite products to help you age well and live well. Each exclusive formula is based on ingredients that I've investigated, including every important fact, laboratory study, and piece of clinical evidence. Plus, each formula is vetted using the strictest quality control measures.

For example, **ZemBright Mood Plus®** includes a unique combination of ingredients to help boost your mood and improve the way your body responds to stress. My **Vision Advantage®** formula gives you the nutrients your eyes need from around the world so you absolutely can enjoy long-term eye health no matter how old you are.

I've included **Digestive Enzyme Advantage™** because it's essential for supporting healthy, comfortable digestion. It breaks down hard-to-digest foods so you can eat more of the foods you love with less discomfort.

And I absolutely had to include the last formula—**Probiotic Advantage® Oral Sinus**. I take it every day and suggest you do as well. These tasty little sugar-free, cinnamon-flavored lozenges contain 3 critical beneficial bacteria shown to promote ear, nose, and throat health, keep your gums and teeth healthy, and freshen your breath. Plus, **Probiotic Advantage Oral Sinus** contains vitamin D and zinc for additional immune support.

This is the perfect opportunity to stock your medicine cabinet full of all your favorite formulas or try something new. See the enclosed order form for details on this special offer.

To your health,

P.S. Your health is my top priority, so I had my team put together a limited-time savings package on some of my top-rated health products. Please take a moment and call 1-877-993-9320 or see the enclosed order form so you can stock up today.
