## Come back to healthy, comfortable, worry-free digestion at special savings!

Dear Friend,

It's been a while since you refilled your supply of **Probiotic Advantage**®, and this has me concerned. There's no doubt in my mind that everyone on the planet should be taking a probiotic every single day. Medications, food additives, pollution, heavy metals, chlorinated and fluoridated water supplies, and stress are all a constant assault on our body's friendly bacteria, also referred to as our second immune system.

Probiotics are good bacteria that not only help to create a healthy balance of the flora in the gut, but also defend your GI tract from free radicals. Probiotics keep everything working smoothly so you can enjoy digestive comfort every day.

But when it comes to digestion, everyone is different. For some, when they start taking **Probiotic Advantage**, positive changes show up right away. For others the change may be so subtle that one day they just realize everything seems to be better. Then there are those who actually feel worse initially as the good bacteria battle it out with the non-beneficial bacteria, which can create a little gas in the process. And it makes sense. After all, we're not all the same—we have different lifestyles, different diets, and different digestive concerns.

### Watch out if you're trying to get your “good” bacteria from yogurt

Maybe you stopped taking **Probiotic Advantage** because you eat yogurt every day and think it's a good source of healthy bacteria. Most yogurts only contain one or two of the most common probiotic strains. Plus, laboratory tests on yogurt suggest only a small fraction of one percent of the “good” bacteria it contains are able to survive stomach acid and get to your intestines. **Probiotic Advantage** guarantees the live probiotics cover your entire digestive tract.

Most probiotics can't make it past the scorching acid of your stomach. Even less likely? Probiotics surviving all the way through your small and large intestines. But with **Probiotic Advantage's** extended-release *BIO-tract*® technology, you're guaranteed the delivery of live, healthy bacteria to your entire digestive tract for all-day comfort. Here's how it works.

When the small caplet comes into contact with the saliva in your mouth, a gel coating begins to form. This special coating not only makes the caplet go down easily, it also protects the probiotics from stomach acid. This allows the probiotics to do their job throughout your entire digestive system.

*(continued on next page)*

## Prebiotics nourish the probiotics for longer-lasting relief

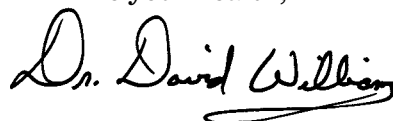

Plus, you get 2 billion live bacteria in 7 highly researched probiotic strains. Most probiotics contain only 1 or 2 strains, giving you only partial coverage. I also added prebiotics to support and nourish the probiotics. Prebiotics are the food that probiotic bacteria need to stay alive and flourish. The prebiotics in **Probiotic Advantage** feed only the good bacteria—unlike ordinary prebiotics that feed both good and non-beneficial bacteria in your gut.

## Take Probiotic Advantage every day for the best results

No matter what you choose, please remember that a healthy digestive system is the key to overall good health, including immune health. Plus, when your digestive system is working properly, you can actually absorb all the nutrients from your diet and supplements, so you get the full benefits. And that means greater health head to toe!

For the best results, it's essential that you take **Probiotic Advantage** every day. Remember, gut bacteria are living organisms that are affected by everything we put in our mouths. Unknowingly, we all (to some extent) consume things that change the healthy balance of our digestive flora. If you want to live as healthy as you can be, I think probiotics are something you need to take every single day. And **Probiotic Advantage** gives you outstanding digestive support and comfort with just one tiny caplet a day.

To your health,

P.S. To help you get back on track, my team put together a very special “Welcome Back” offer. You get **40% off every bottle you order**, plus **free shipping!** And that's on top of recent price cuts. With an offer this good, there's no better time to try **Probiotic Advantage** again. So come back to **Probiotic Advantage** today—I guarantee you'll be glad you did.

### I feel better!

"I have taken **Probiotic Advantage** for 1½ months. I feel better and have more energy. I can't believe it. I thank God and Dr. Williams."\*

—Ann C., IL

### It really works!

"I want to thank you from the bottom of my heart for this wonderful product! **Probiotic Advantage** has completely changed my life! The reason I find this so amazing is that it really works! There are so many products out there that claim so much, but Dr. Williams' products are what they say they are! Again, thank you and God bless you. I will never be without this product. I feel great!"\*

—Angie B., MD

### Great stuff!

"Great stuff! From the first day I took **Probiotic Advantage** my stomach issues subsided. I have yet to find another probiotic that works as well and as quickly as this one."\*

—Online Review

### What a good product!

"I have been taking **Probiotic Advantage** for a month, daily. I recently returned from an annual trip to Hawaii. I love the exotic cultural foods and always loved eating everything. For the first time, after heavy eating, I came home feeling good and have been 'regular' daily. What a good product!"\*

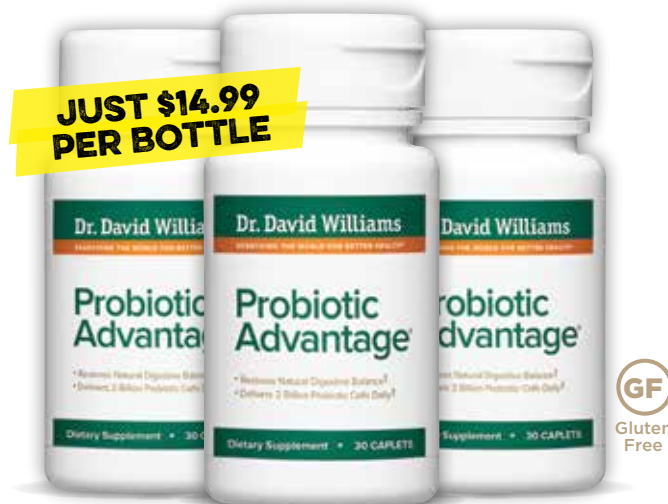

—Paul Y., CA

# Probiotic Advantage covers your entire GI tract for all-day comfortable digestion!

**Probiotic Advantage** delivers 2 billion live bacteria through every inch of your digestive tract. The patented **BIO-tract®** delivery system slowly releases the probiotics along both your small and large intestines for all day comfort. Plus, **BIO-tract** keeps the delicate probiotic bacteria alive so they get to your intestines safely.

Many probiotic supplements contain just 1 or 2 strains of bacteria—giving you only partial coverage. But each **Probiotic Advantage** caplet gives you 7 extremely hardy, live probiotic strains, all backed by clinical research.

1. **L. fermentum:** neutralizes toxins made during digestion to alleviate gas and bloating.
2. **L. acidophilus:** helps form colonies of good bacteria on your intestinal wall to keep unwanted organisms out of your gut. Plus, it helps reduce occasional diarrhea and supports vaginal health.
3. **B. longum:** plays a critical role in breaking down carbohydrates, fights free radicals, and may reduce the symptoms that come with seasonal irritants.
4. **B. bifidum:** helps with the digestion of dairy products.
5. **L. rhamnosus:** helps improve vaginal and urinary health and occurrences of traveler's diarrhea.

6. **L. plantarum:** produces hydrogen peroxide, which fights unbeneficial bacteria to protect your body.
7. **L. salivarius:** has been shown to promote immune health and function.

## SUPPLEMENT FACTS

### 1 CAPLET GIVES YOU:

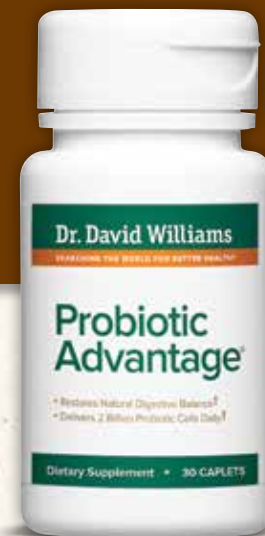

**Probiotic Blend** ..... 2 billion CFU  
*L. fermentum, L. plantarum, L. acidophilus, L. rhamnosus,  
L. salivarius, B. bifidum, B. longum*

**Fructooligosaccharides (FOS)** ..... 25 mg

Contains: Milk (Contains trace amounts of milk protein from the manufacturing process; however, suitable for individuals following lactose-free or lactose-restricted diets.)

With **BIO-tract®**, a patented technology and registered trademark of Nutraceutix.

**RECOMMENDED DOSE:** Take 1–2 caplets daily with water prior to any meal. Do not chew or crush.
