

Dr. David Williams

Daily Excel™

FOR MEN | FOR WOMEN

IN ORDER TO BE YOUR BEST, YOU HAVE TO EXCEL

Get ready to recharge your life!

Daily Excel™ for Men and **Daily Excel™ for Women** give you a targeted blend of nutrients to help you not only get through your day, but EXCEL with the energy, endurance, and vitality you need. Plus, they provide support for your libido, mood, mental energy, and immune health.

Dr. David Williams, an internationally recognized scientist, author, adventurer, and leading authority on natural healing, developed his **Daily Excel** formulas with the specific needs of men and women in mind to help you maintain a **youthful edge**.

- ✓ Increases energy and vitality
- ✓ Promotes physical performance
- ✓ Supports strong, healthy muscle
- ✓ Helps with stress reduction and a healthy mood
- ✓ Supports immune health
- ✓ Promotes a healthy libido and sexual health

Discover TRUE VITALITY

With **Daily Excel™** for Men and **Daily Excel™** for Women

Both formulas give you:

Sustamine® helps rehydrate the body and sustain energy levels during exertion by replacing lost electrolytes and fluids and refilling the body's energy stores. It's highly effective for physical performance. Plus, it supports immune health.

LJ100® Eurycoma longifolia (Tongkat Ali) Extract enhances physical performance and energy, helps lower stress, and supports healthy cortisol levels. Plus, it's been traditionally used for centuries in Southeast Asia as a general health tonic to support a healthy libido and sexual performance.

Pomegranate Extract is abundant with polyphenols, including plant-based compounds, which have a high antioxidant capacity to help fight free radicals.

PLUS...

FOR WOMEN | **Indole-3-carbinol (I3C)**, a substance found in vegetables, such as broccoli, cabbage, cauliflower, and kale, promotes overall well-being. Research suggests I3C helps promote healthy cell and tissue growth in the breasts and cervix.

FOR MEN | **Lycopene** is a well-known antioxidant that helps support your overall prostate health.
